

Governor Names Portola Hotel & Spa Winner of 2011 Top Environmental Leadership Award

Sacramento, CA, December 14, 2011- Today, Edmund G. Brown Jr. announced that Portola Hotel & Spa of Monterey, CA has won a 2011 Governor's Environmental and Economic Leadership Award (GEELA) for its outstanding commitment to the environment. Portola Hotel & Spa is one of only 15 other recipients that accepted awards and is the first independent hotel to ever win this award.

GEELA is California's highest and most prestigious environmental honor. The award program recognizes individuals, organizations and businesses that have demonstrated exceptional leadership for voluntary achievements in conserving California's resources, protecting and enhancing the environment, and building public-private partnerships.

"Portola Hotel & Spa is a true leader," said Secretary for Environmental Protection Matt Rodriquez. "They prove that you can support and promote environmental values without sacrificing your business objectives. They understand that going green can be a successful economic strategy that can also lead to sustainable growth and development."

Portola Hotel & Spa has a history of supporting the environment and has participated in several programs dedicated to conserving environmental resources. From the decorating of the hotel to the way in which they produce electricity, Portola Hotel & Spa maintains their loyalty to the environment.

Janine Chicourrat, General Manager of Portola Hotel & Spa, said, "Our team worked extremely hard to achieve our Silver LEED EB award earlier this year. It is with great pride I work with these professionals and to see them recognized for their dedication to our environment and our hotel."

In addition to winning the GEELA, Portola Hotel & Spa has achieved the U.S. Green Building Council's silver LEED[®] certification. It is the first Green hotel in Central California and is one of only three in California and six in the United States.

Award recipients are chosen in 12 different categories based on their strength in eight specific areas including results, transferability, environmental impact, resource conservation, economic progress, innovation and uniqueness, pollution prevention, and environmental justice.

About GEELA:

The Governor's Environmental and Economic Leadership Awards program was established in 1993. The award program is administered by the California Environmental Protection Agency and the California Natural Resources Agency in collaboration with the State and Consumer Services Agency; the Department of Food

and Agriculture; Labor and Workforce Development Agency; the Business, Transportation and Housing Agency; and, the Health and Human Services Agency.
